CANYON PLANS FOR CHRISTMAS SHOPPING

ALL MEN ON WPA WORKING CAMPUS JOBS

Three Projects Are Under Way With Improvements for West Texas Campus

PROGRESS IS GOOD

Rock Work Started Today Which Is Largest Item Being Undertaken By WPA Here

All available men have been called for work under WPA for three projects which are under construction on the campus of W. T.

Fifty men were started last Thursday morning on the extension of the drive and parking space in front of the administration building. This work has progressed rapidly during the week, with a large part of the excavation having been completed. After the curb has been run, caliche with asphalt topping will complete this pavement. The driveway and additional parking space will make available the use of the front entrance of the administration building.

A second crew of men was started Tuesday morning in excavating the street running north from the administration building in front of Buffalo Courts. This street will also be paved with caliche and asphalt.

A third crew will start this morning on rock work which will continue for several months. This work consists in the completion of Buffalo Courts and the Recreation Hall, the rock wall around the athletic field, the play ground for the demonstration building, completion of the field house and walling up the Buffalo Stadium.

The rock work will consume much more time than any of the projects which are under way. It is likely that several rock masons from Amarillo will be furnished by WPA on account of the size of this project, and the small number of qualified men in Randall county.

Frank Harrison is overseer on these projects for WPA, and R. A. Terrill is general superintendent representing W. T.

WPA officials form the district office in Amairllo have called a meeting Friday morning at 9:45 o'clock of members of the Commissioners Court, the City Commission, the Planning Board and representatives of W. T. for the purpose of outlining the policies of operation throughout the winter.

More men are called for on the present projects than are available from the relief rolls. It is expected that the number of men will increase rapidly as winter advances. Checks will be given the men twice a month instead of weekly as has been the policy in the past.

Will Rogers Fund Will Be Closed on Wednesday, Nov. 27

Contributions to the Will Rogers Fund will close next Wednesday, Nov. 27th. Clyde Warwick, county chairman, has been requested to Vice President John Garner is Jesse H. Jones, national treasurer. Vice President John Barner is chairman of the National Committee. Captain Eddie Rickenbacker is directing the national drive for funds.

Those who wish to make contributions should do so at once in order that there be no delay in forwarding the money to headquarters.

Amon G. Carter, state chairman, has appointed a county chairman in each Texas county, hoping that this state lead the nation in its contribution.

GOT TWO DEER

Sheriff Bob Barnett and Ray Campbell returned Tuesday from Alpine both bringing back a buck they had killed Monday. They hunted for two days before getting their bucks.

Regional Officials Visit Palo Duro Park

Construction Is Started on Enlarged Plans for Entrance—Cabin Plans Are Complete

Work started Monday on the construction of the entrance of the Palo Duro State Park. Part of the foundation for the wall was run several weeks ago, but construction was held up while changes were made in the plans.

Fred A. Emory and owners of the liens against the land released a larger strip of land for the purpose of enlarging the entrance. The entrance will be very ornate in design and construction, and will be very impressive as the visitors enter the Park. Rooms are provided for the gate keeper, and the collections will be made at this point after the park has been completed.

Assistant Regional Director Alcott, State Inspector George Nason and Chief Engineer R. O. Whiteaker were on official visits to the Palo Duro this week.

G. T. Patrick, new architect, arrived here last week and was called into Oklahoma City where he completed a design for the cabins to be erected near the lodge.

Colonel Whiteaker expressed great satisfaction in the progress of work at the Palo Duro. Landscaping of the road through the park is practically completed so that the men may now be released for construction work. Materials are on hand to keep construction under way during the winter months.

Palo Duro Post to Compete District Convention Here

The annual convention of the 18th district of the American Legion will be held at Borger on Nov. 30-Dec. 1. An attendance prize of $25 has been offered to the Post having the largest percentage of attendance at this convention. The Palo Duro Post has entered the contest. Post Adjutant Andy Walsh has requested Legion members to pay their dues to him and to attend the convention.

Attorney General William McCraw will make the principal address.

The Borger Post is making plans to entertain 1500 delegates with an interesting program.

First Day Play In Tournament of City Golf Players

Sunday was the first day of play for the Canyon golf tournament. Twenty-nine players reported for the first round. Those who did not get to play Sunday will be allowed to get off the first 18 holes by Friday of this week.

Reeves, Ed Mickle and Neff all turned in 77 for the low score; Craig, Scott and Lee Foster chalked up 78; Duflot had 79. The other 22 players turned in various scores.

The second round will start at 1:00 o'clock next Sunday, with the players being placed in flights according to the scores turned in last Sunday.

The tournament will end on Thanksgiving Day.

DR. WHEELER FAILED TO KEEP PARK APPOINTMENT

Owing to a misunderstanding regarding dates, Dr. H. N. Wheeler did not fill his appointment at the Palo Duro Park Thursday night.

Owing to a heavy mist falling at the time it was deemed advisable to call off the meeting since few could have driven out from Canyon.

Mrs. M. A. Moses, Miss Judy Belle Moses, Mrs. Ruby Murphy and Mrs. Jimmie Myers visited Mrs. Maude Henley at Borger Sunday.

Dr. and Mrs. W. S. Miller visited Mrs. Miller's brothers, Clarence Bairfield and Mr. and Mrs. Charlie Bairfield, at Clarendon, Sunday.

Miss Helen Thomas of Canyon spent the week end in Wellington with relatives.

Only Few Farmers Have Not Completed Wheat Contracts

A large percent of the eligible wheat farmers of Randall county signed the new contracts Thursday. Meetings of the wheat farmers were held in all of the districts of the county and committeemen closed the contracts with practically all of the farmers.

While the closing time was set as Nov. 15th, those who are late in signing may continue to complete the contracts until the county committee is called upon to close the signing. The time may expire any date.

About 95% of the eligible land of the county is now under the new wheat contracts.

T-Anchor Boys Set Record—45 None of Whom Smoke

There are 45 boys housed on the T-Anchor Farm north of Canyon, all students in W. T., none of whom smoke or drink, all of whom stand high in their classes and none of whom have ever been called to the dean of men's office for a case of discipline.

The group is self-governing, with no faculty member living on the farm, states T. M. Moore, who is in charge of the farm and who spends much of his time in overseeing the farm and stock activities.

The men have a co-operative spirit, live clean lives, keep a fine spirit under all conditions, and are noted as the most loyal group among W. T. students.

"Since the co-operative home was started in 1927 there has never been an accident, and never a fist fight among the boys," states Mr. Moore.

The farm is run on a co-operative basis. Each student is carefully investigated, and must have sufficient funds to make sure that he can stay in college through the year. His work on the farm supplements his funds.

Each year a definite project is undertaken in the way of improvements. For the coming year a 10,000 gallon steel storage tank is being planned.

The group is comprised of 3 seniors, 5 juniors, 14 sophomores, and 23 freshmen, all of whom have been recommended by ex-students and who have stood rigid examination by Mr. Moore.

The North Texas Agricultural College sent faculty members here to study the plan of operation, and have adopted the plan completely.

The T-Anchor Cowboys have become famous as entertainers, having visited many schools on the Plains, and broadcast every Wednesday night at 7:15.

J. P. Winder, Banker Here Years Ago, Died on Thursday

J. P. Winder of Gruver died suddenly last Thursday. He was formerly a citizen of Canyon, being cashier of the First State Bank when it was organized 25 years ago. The family mover to Gruver about 18 years ago. Mr. Winder was recently in Canyon meeting old friends.

Surviving are two sons and one daughter; C. E. Winder of Vega, C. H. Winder of Gruver, and Mrs. Kelly Bennett of Amairllo.

MRS. QUATTLEBAUM CALLED BY DEATH OF HER FATHER

Mrs. J. O. Quattlebaum was called to Fort Worth Monday by the death of her father, J. A. Gilliland, 78 years of age.

Death came very suddenly to Mr. Gilliland Monday morning at 4 o'clock. Word from him last week indicated no illness.

Mrs. Quattlebaum was accompanied to the funeral by her niece, Mrs. Robert Williams of Amarillo.

C. R. Flesher returned Monday from Rock Island where he was called last week by the serious illness of his mother. She is reported to be somewhat improved.

Annual Roll Call of Red Cross Will End Thanksgiving

The Annual Roll Call of the American Red Cross comes to a close on Thanksgiving day.

Join!

Citizens of Randall county are urged to respond with their dollar Roll Call before that date.

Mrs. Guy Harp, chairman of the Roll Call, announces that donations may be left at the First National Bank, or at the News office.

Quattlebaum Is Returned to the Methodist Church

Local Pastor Will Open Third Year's Pastorate Here — Conference Is Great Success

Rev. J. O. Quattlebaum was returned to the local Methodist Church as pastor for the coming year. The annual conference of the Northwest Texas Conference closed Sunday night at Plainview when Bishop H. A. Boaz read the appointments for the coming year.

Rev. Quattlebaum will begin his third year in the local church. "It was the most inspirational conference I have attended in a number of years," stated Mr. Quattlebaum. "Reports from the churches were good, and people are feeling better over this territory."

Rev. J. O. Haymes was returned as Presiding Elder of the Amarillo District. Few changes were made in the pastorates in this section.

Rev. C. W. Foote, former local pastor, was returned to Slaton for his third year. Rev M. M. Beavers, another former pastor, was transferred from Sweetwater to Lamesa

Variety of Weather Hits Panhandle, But of the Wrong Kind

The Panhandle has been thru the gaits this week so far as weather is concerned—all but the real wet kind, which is the favored variety just now.

Thursday was a damp, cloudy day, with mist falling most of the day. Late in the afternoon the mist was heavy and the temperature so low that driving was difficult as windshields were quickly covered with ice. No moisture followed.

The remainder of the week has been rather clear and open, with plenty of snap due to the low temperature.

Monday witnessed a regular dust storm whooping it up from the Southwest. The day was a gentle reminder of those famous dust storms of last spring, and what will likely follow next spring unless there is some moisture during the winter months.

Olympic Installing Number New Cushioned Seats in Show

W. J. Wooten is installing 200 new seats in the Olympic Theatre. The new seats are cushioned.

Installation of the new chairs will remove the low backed seats in front half of the show building.

Rev. Arthur Scoggins of Baird visited in the home of Dr. and Mrs. M. S. Miller last week. From here he went to Plainview where he attended the Methodist Conference in session there. Rev. Scoggins is an uncle of Mrs. Miller.

Mr. and Mrs. Wm. Ash of Umbarger, Mr. and Mrs. Dan K. Usery and Miss Frances Usery spent Sunday in Borger and Whittenburg with Misses Esther Rudolph and Geneva Griffin.

PWA Calls Bids Home Economics Cottage at W. T.

Last Project Will Be Submitted to Contractors For Bids on December 12th

Bids will be received on Dec. 12th at the office of Dr. J. A. Hill for the construction of the Home Economics Cottage. This cottage is being erected under the grant of PWA. This is the last of the five PWA projects which Dr. Hill applied for several months ago.

Bids will be opened on another PWA project on Dec. 2, the swimming pool and athletic field improvements. On the same date bids will also be opened on the furniture for Stafford Hall.

Construction will probably be under way on four PWA projects on the campus at the same time. The Cousins Hall addition is now under construction. An additional loan of $9,000 for the ten cottages was approved last week, and work should be started about the first of January. Construction on the swimming pool and the Home Economics Cottage will likely be started by the middle of February.

PWA has allowed $8,000 for the Home Economics Cottage. The building will be a frame structure, located north of Cousins Hall. It is considered a very necessary part of training for home economics students. W. T. has leased a cottage for the purpose of carrying on this work, but the new building will be especially adapted to this type of work.

Young Democrats of W. T. Hold Election of Officers Monday

Young Democrats of W. T. elected officers Monday night for the following year. G. L. Stanley, Amarillo, State Secretary of the West Texas district, presided over the meeting.

Officers were elected as follows: J. Burl Lowe, Lakeview, president; Milton Crow, Amairllo, first vice president; Winfred Lewis, Shamrock, second vice president; E. G. Schuhart, Dalhart, third vice president; Marian O'Brian, Friona, secretary; Newman Carr, Bovina, treasurer; Garland Martin, St. Jo, parliamentarian; R. M. Thompson, Dalhart, sergeant at arms; Brady McCoy, McLean, Randall county chairman; Marvin Calliham, Conway, chairman of steering committee; Lela Hickox, Canyon, Arlin Hartzog, Farwell, and Estill Allen, Jr., Grosvenor, members of steering committee.

Hix Visits Thirty Wheat Growing Counties of Texas

J. P. Hix left Tuesday for an official visit to thirty wheat growing counties of West Texas. Mr. Hix is a member of the State Wheat Board and assisting county agents and county allotment committees in closing up the contracts for the coming year.

Mr. Hix will visit all of the counties to the south where there are any wheat contracts.

METHODIST MEN PLAN GENERAL CHURCH MEET

Men of the Methodist church will invite the men of other denominations to banquet with them on Dec. 12th in order to discuss church problems in Canyon. An interesting program is being planned.

The semi-monthly banquet of the Methodist Men's Club was held Thursday night. T. M. Moore was in charge of the program, giving a review of the work accomplished at the T-Anchor farm.

SCORE PANTRIES

Miss Lula M. Dilworth, extension specialist in Food Preparation, together with Miss Allie Dozier visited the pantries of Home Demonstration Club women in the county Monday morning. Miss Dilworth was scoring the work of the women at the conclusion of the year's work.

Thanksgiving Next Thursday—News to Be Out Wednesday

Buffs Hand a Big Surprise to Central Teachers Sat.

Hold Claud Reed's Fine Team to Scoreless Tie as Buffs Outplay Visitors on Home Field

Making their last home stand of the current season, the Buffaloes displayed one of the gamest defensive exhibitions ever recorded as they held the powerful Bronchos of Central Oklahoma to a scoreless tie, Saturday afternoon at Buffalo Stadium.

A glimpse at comparative figures ascertains that the two fighting teams were as evenly matched as the score indicates. Both sides got credit for four first downs. The Buffaloes made 87 yards from scrimmage as compared to 74 for the Bronchos. The Buffs punted 14 times for an average of 34 yards, and the Bronchos punted 8 times for an average of 41 yards. The Sooners completed 3 out of 14 passes for 31 yards, while the Buffs registered one for 12 yards. Throughout the melee, both teams exhibited superb defense.

In the second quarter, the Buffaloes made their real scoring threat. Catching a punt on the 50 yard line, Frank Van Noy made a spectacular return to the Sooner five yard stripe. On the fourth down, Lwood Dow slid off his right tackle for what would have been a score, but he fumbled in the wild scramble, and the hapless Buffaloes took the offensive.

In the final quarter, the Bronchos attempted to score through the air. Two aerials found them inside the Buffalo 20, and tenseness gripped the fans as Bartlett dropped back to attempt a field goal from placement. A sigh of relief went up as the kick went wild, and the last Central invasion was repulsed.

The punting duel of Haught, Central field general, and Champion of the Buffaloes was the feature of the conflict. Although Haught had the upper hand in this department, Champion's talented toe kept the visitors deep in their own territory. The brilliant running of Frank Van Noy, diminutive Buff signal caller, was the principal offensive weapon of the locals.

The aerial combination of Haught to "Happy" Barnard stood out for the Bronchos. Haught is the boy that was selected on numerous All-American check lists last season, and his educated right arm was a consistant headache to the scrapping Buffaloes.

CARNIVAL AT BURCH

A cordial welcome is extended people of Canyon and the vicinity to attend a carnival tomorrow evening in the Burch School house in the northeast part of the county. Bring your pennies and join in the fun of bingo and many other side show attractions. A quilt and a turkey are to be given away. Plenty of eats.

R. H. Wright and Henry Bradford returned Sunday from Mineral Wells where they spent three weeks.

SANTA CLAUS WILL VISIT KIDS IN CITY

Business Houses Making Plans to Fill Needs of People During Holiday Period

PLANS SPECIAL DAY

Campaign Will Be Carried to People of The County Soon—Ask for Chance to Serve

Canyon merchants are planning for an extensive Christmas campaign which will open the first Saturday in December.

Santa Claus will be in Canyon every Saturday until Christmas to meet the children of the county, to distribute gifts, and to tell them about the joys of Christmas and Christmas giving.

Santa will be found on the streets of Canyon Dec. 7, 14, 21, and on Monday and Tuesday, Dec. 23, 24. It is likely that he will have something special to offer on another date which will be announced later.

Business men met Monday night at the court house to discuss plans for Christmas. Every business firm in Canyon is asked to join in the Christmas campaign, and to be ready to assist the people with their Christmas shopping. According to reports, the stores of Canyon are heavily stocked with the choicest selection of holiday goods that have ever been offered to the buyers of Randall county.

A number of stores are planning special gifts to their customers before the holidays, which will be announced about the first of December, and which will make trading in Canyon more attractive than ever.

The Chamber of Commerce has joined in the movement, and is providing special entertainment during this period.

All business houses will have Christmas decorations up during this week, in order to make the trading centers as attractive as possible for the holiday period.

A committee composed of W. A. Warren, Clarence L. Thompson and Clyde Warwick was appointed to direct the Christmas campaign.

Canyon business men are urging that Randall county citizens visit the stores of Canyon before doing their Christmas shopping. They will find the stocks new and complete, and the business men especially anxious to serve them during this holiday period.

Carl Hair Moves Palace Cafe To The North Side

The Palase Cafe opened yesterday morning in its new location on the north side of the square in the Harrell building recently vacated by the Blue Goose Cafe. The cafe has been located at the southwest corner of the square in the Palace Hotel building for a number of years.

Carl Hair started this cafe several years ago and has been very successful in its operation.

The building has been completely remodeled, with new floor covering, new light fixtures, and many new fixtures.

TEXAS UTILITIES FORCE PUT ON ENTERTAINMENT

All members of the local Texas Utilities force, with the exception of two, attended a meeting at Lubbock Monday night of employes of the company from this territory.

The local force put on a minstrel as the entertainment feature of the evening.

The old people of Texas will have a pension, all right, but there will be no money with which to pay the pension until the legislature meets for a third time to make an effort to pass some sort of a tax raising measure. Perhaps the third time will be the charm. The people always get most enthusiastic about doing big things in a big way until the matter of money is considered—then the jig is up with most of us. We want to have the best for our community, but want the other fellow to pay the taxes. That was the trouble with the last legislature. The legislature submitted a constitutional amendment calling for an old age pension; the people approved it by a large majority; but now each group is attempting to shift the burden to the other fellow's shoulders. We have yet to learn that whatever benefits all should be paid for by all. The third called session will be held in January to see about raising the necessary money to pay the pension bill.

Four years ago there was a movement on foot in Texas to eliminate many boards and bureaus in the state government. The state spent nearly $100,000 making a survey and reported to the legislature the improvements which could be made. With the usual large turn over in membership, the report came into the hands of men unacquainted with the functions of government. Nothing was done to reduce the number of departments, but on the other hand more boards have been created in the past four years than in any like period of time. The legislature is not entirely at fault. Many of the new boards come as a result of the will of the people, such as the Centennial, liquor regulation, old age pension. While most people complain at the every increasing cost of government and functions of government, yet they continually ask that these functions be increased, and howl when called upon to pay the increased tax bill.

J. C. Estlack observes better times in Clarendon because the cigarette butts on the streets are more numerous and are longer. Estlack joins Roger Babston in predicting that the depression is about over.

Ex-governor Francis of Missouri once said the following about newspapers: "Each year the local paper gives $600 to $1,000 in free lines to the community in which it is located. No other agent can or will do this. The editor in proportion to his means does more for his own town than any other ten men and in all fairness he ought to be supported, not because you like him or admire his writings, but because the local paper is the best investment a community can make. Today the editors of the local papers do the most for the least money of any people on earth."

We are not surprised to see the wide spread endorsement given by the press of Senator G. H. Nelson's proposal for the unicameral legislature. But the people of Texas must be educated to think that way, and to elect members of the legislature who will feel that way. Those holding office will hardly vote to abolish their own office without a firm decree from the people. However, governmental reforms come slowly. Next year the Republicans are going to make much ado over the President's proposal to make certain changes in the federal constitution. All at once the constitution has become very dear to the hearts of GOP. The state will make changes in the fundamentals of our government only when the people demand it in the election of those willing to make these changes and reforms.

Every depression has been ended by some sort of industrial boom. It is usually the result of some new industrial development, or a renewal of activities in some existing line. For some time financial leaders were looking toward the development of the airplaine to end this depression. It is pretty certain now that the automobile will be the vehicle to pave the way out. At least the automobile manufacturers are doing everything within their power to take the lead in recovery. The automobile is a necessity, even though its use is abused. Ford and General Motors dominate the field, producing far the greater percent of all cars used. Several of the big independents are making a hard fight for business against the two big concerns.

The Centennial board finds itself in a sort of a jam in regard to its expenditures over the state. The federal appropriation was made for temporary purposes, while the state commission wanted to recognize historic spots in Texas, erecting permanent markers and monuments where they were needed. The state and federal funds were somewhat thrown into one pot in making the recent distribution of the historic places in the state. The mix up must await the return to the United State of Vice President Garner, who heads the board handling the federal funds.

Hundreds of news stories were carried in the newspapers of Texas last week regarding the Palo Duro State Park. These stories were sent out from the Canyon News office in order that the people may know about this great regional park. While about 60,000 people have visited the Palo Duro Park the past year, this number should be doubled next year with the Centennial on, and with better facilities to care for the crowds.

Successful men are usually classed as crooks by those who are not so successful. Just now the war is on against every man who has been able to assemble any of the world's goods. It is a deplorable state of affairs when thrift is shoved to the background and those who are failures are given every consideration. "The money changers," is the despised name being applied to those who have handled well their own affairs.

County elections on the liquor question will be held in many counties in Texas during the coming two months in order to comply with the new liquor law. The wets and drys will battle hard in each county to maintain control, just as was the case following the legalizing of beer in Texas. The failure of repeal over the nation to stop the bootleggers will be used as ammunition in the local option elections in Texas.

The League of Nations is throwing its entire strength against Italy. Fifty nations are pledged not to trade with Mussolini so long as he carries on the war in Ethiopia. This will be the supreme test of the authority of the League, and will uncover the exact amount of preparation Mussolini has made in assembling war materials before starting the war.

Do republics too quickly forget their heroes? The Will Rgoers campaign is not coming through as quickly as expected. The campaign will close on Nov. 27 after which time the national committee will decide upon the appropriate memorial to be erected. Those who wish to make donations should do so at once.

WPA has finally turned loose in Randall county and men are at work. The $29 per month wages given the men is in return for good labor on worthy projects. Conditions are certain to improve in Randall county during the winter months. Business men are welcoming the added cash which will appear in local trade channels.

When you buy license plates for your car by April 1, 1936, you must also procure a driver's license to operate the car. There is no charge for the drivers' license. This is the first step taken by Texas to seek to controll the ever increasing number of accidents on the highways.

Some of the larger counties of the state have figured out that the new salary bill for county officials will cost taxpayers more than the old fees cost. Reforms come high, in some respects.

Of the 36,000 motor fatalities last year, 20,000 occurred at night. "Death After Dark," is the term applied by Governor Harold G. Hoffman to the dangers of driving after night.

95 OUT OF 100 ARE DEPENDENT

If you were to ask the financial status of the next hundred men aged 65 or more, you meet, you would find, if they represent the average, that only five have independent incomes large enough to live on decently without working; that 28 continue to work for a living; that 67 are dependent for their livelihood upon relatives, friends or public charity.

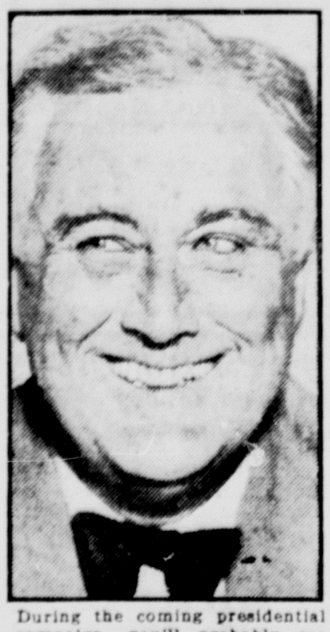
Every one of the men started out in life with high hopes. Every one envisioned a self-sustaining, self-respecting old age, in which he could retire on the savings he had made during his productive years, and enjoy himself, without worry and without dependence on any person or institution.

Five of the hundred men achieved that goal. Ninety-five failed to reach it.

These are facts—unpleasant as they are, they will be faced by every person of foresight and courage who is not yet too old to make the most of the lesson they teach. There is no royal road to old age independence for most of us—it can be reached only by a plan which uses some of the dollars we earn with comparative ease now to care for our needs and ambitions when dollars come hard.

A beautiful set of silverware is soon to be given away at Cooper's M. System. Ask about it. tf

Campaign Smile?



During the coming presidential campaign, you'll probably see this photograph frequently. Friends and aides of President Roosevelt liked it so much that it will undoubtedly be reproduced profusely during the next year. It shows Mr. Roosevelt bronzed, happy, and refreshed after his recent vacation.

CONDRON TO SPEAK AT FOOTBALL BANQUET

Prof. S. H. Condron will make a speech at Mobeetie Nov. 21, at the annual football banquet held there.

The subject of his speech will be, "Defending the Goal."

He spoke Friday evening at Plainview before the Northwest Texas Methodist Conference and to the Board of Education.

"How long is a mile?" asks a neighboring editor. Well, if it is a detour, it is about four miles long.

BUFFS JOURNEY TO ALPINE FOR LAST GAME SATURDAY

Buffs Doped For Defeat In Clash With Lobo Eleven

The Buffaloes will say good-bye to the football season of 1935 when they pack their bags and juorney to Alpine to play the strong Loboes, Nov. 23.

The Loboes, coached by B. Graves, former W. T. athlete, boast a strong team. Hardin-Simmons University had quite a tussle with them, and Texas School of Mines went down before their powerful thrusts. The Wolves have a crew of top-notch ball players that were doubly tough last year and practically every man is back this season.

The Buffalo mentors will depend upon their veterans, and a group of alert sophomores and reserves to blast the props from under the snarling canines, and shove themselves a notch higher in the games won column.

From all indications Coach Baggett will likely take his entire roster to Alpine, and it is also likely that the majority of these men will see action during the game. The margin of victory will probably depend upon the reserves

Clark, Van Noy, Champion, and Dow will likely start in the Buff backfield, and Waggoner, Lee, Meek, Cain, Hinger, Jackson, and Captain Rankin will be in the forward wall.

Captain John Rankin, Frank Van Noy, Clinton Meek and R. D. Wheelock will be playing their last roles as Maroon and White gridsters. These boys will graduate in the spring.

Hill Will Go To Austin Monday

President J. A. Hill will go to Austin next Monday to attend the annual session of regents and presidents of Texas State Teachers Colleges there. At that time Mr. Hill will make his report for the fiscal year ending Aug. 31, 1935.

The fine thing about trouble is the joy that it leaves behind when it is gone.

Matadors Defeat Buff Netmen 6-0 In Meet Saturday

Paced by the consistent strokes of Marshall Gordon, Texas Tech's highly touted racqueteers swept to a decisive victory over the West Texas netmen at Lubbock Saturday by the score of 6-0. A large host of Tech students witnessed the Matador victory.

In the number one singles match Riley of West Texas and Gordon, Tech, staged a base line battle, but Gordon's consistency proved his margin of victory by winning straight sets, 6-4, 6-3. The accurate placements of Jordon solved the dynamic volleying game of Truett Smalley, and the Tech netter was victorious by scores of 6-3, 7-5. Donaldson Tech, trounced Howard in successive sets, 6-3, 6-2. Hemphill, W. T., fell before the chop strokes of Williams, 6-3, 6-1.

Failing to function properly, the doubles combination of Smalley-Riley, was ousted by scores of 6-4, 6-4, by Donaldson-Jordon of Tech.

The "red-headed" team of Howard-Hemphill was completely baffled by the clever Gordon, and their loss concluded the afternoon's defeats by losing 6-3, 6-1 to Gordon-Williams, Tech.

Yearlings Defeat Jackrabbits 12-0 In Game Friday

Relying mainly on long end runs, the W. T. Yearling football squad trounced the fighting Wayland Jackrabbits 12-0, in the Buffalo Stadium, Friday afternoon.

The Yearlings stampeded up and down the field for a net gain of 338 yards from scrimmage as compared with the net of 62 yards for the Jackrabbits. The alert forwards opened large gaping holes in the Jackrabbit line, while a trio of backfield aces, Brotherton, Lyde and Thomas marched to a couple of first quarter touchdowns.

Tredway, midget fullback, was the only threat in the Jackrabbit backfield. Many times he returned punts for long runs, and was a constant menace throughout the game.

The Yearlings marched for their initial counter in the opening five minutes of play. Lyde broke the ice when he skirted his left end from the twelve yard line to score standing up. McLaury's attempt at placement hit the goal posts.

The next counter came a few minutes later as this trio of backfield speedsters banged at the enemy door, and finally Thomas broke through for the score from the ten yard marker. McLaury again failed to convert.

This run concluded the scoring, but the Frosh continued to hammer the enemy line for long gains. The Wayland defense was too subborn in the shadow of their own goal posts. In the closing frame, the Baptist boys filled the air with passes in a futile attempt to score.

Beware The Cough
From a common cold
That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Wild Cherry and Menthol, but also has fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irritated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

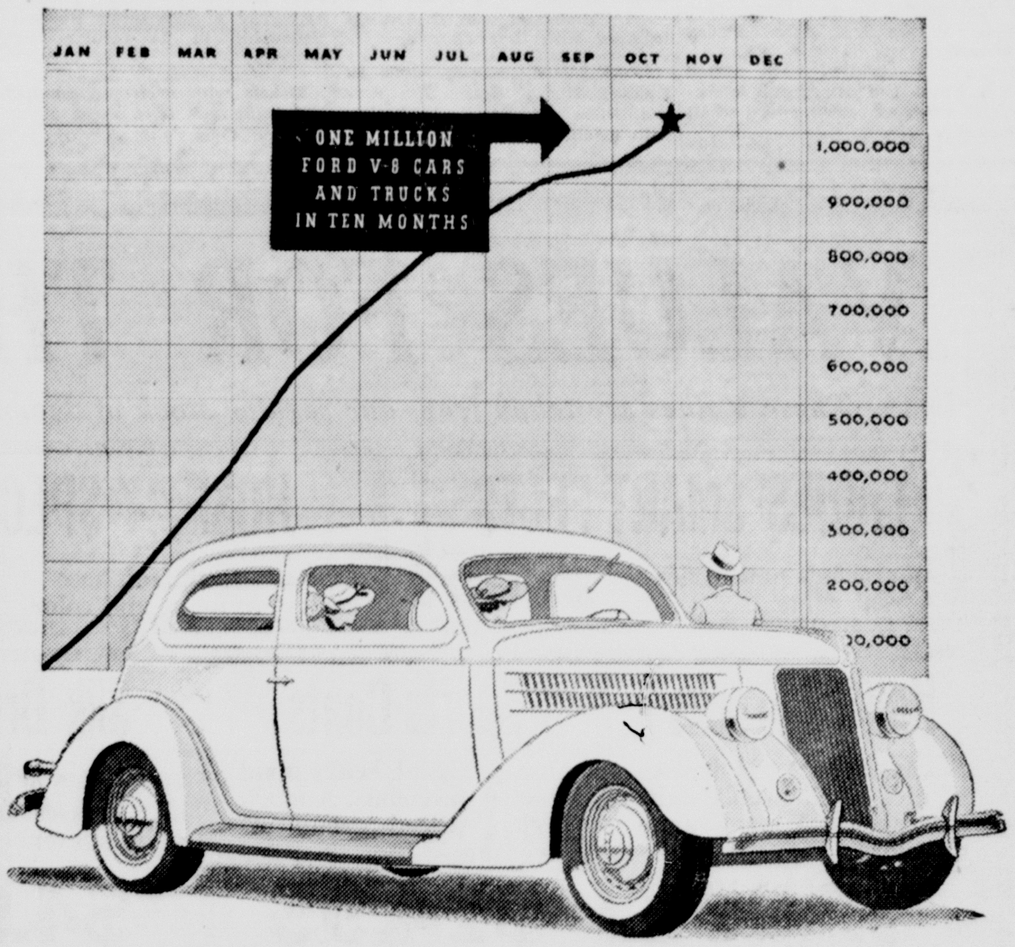
V·8 LEADERSHIP



On October 31 of last year, Henry Ford announced his intention to build a million Ford V-8s in 1935. We are pleased to report that this goal was reached in exactly ten months instead of a full year.

One million cars and trucks is an impressive total. But figures by themselves mean nothing. It is what they represent that counts. Selling a V-8 at a low price has brought a new kind of automobile within reach of the people. Producing it has provided steady work for hundreds of thousands of men in the Ford plants, in associated industries and on the farm.

These million Ford V-8 cars and trucks have helped to make things better all around. In the first ten months of 1935 the Ford Motor Company paid out, in the United States alone, $140,119,326.00 in wages and $523,111,389.00 for materials.

WEDDING ANNIVERSARIES CELEBRATED SUNDAY

Mr. and Mrs. J. T. Coffee of 1111 Sixth Avenue, and Mr. and Mrs. Sterling Coffee of Amarillo celebrated their thirty-fourth double wedding anniversaries here Sunday at the J. T. Coffee home with a delicious dinner.

Thirty-four years ago Sunday, the Rev. T. F. Robeson officiated at the beautiful ceremony of the double wedding of his two daughters to Jim and Sterling Coffee, brothers.

Both of the families made their homes in Canyon until a few years ago when Mr. and Mrs. Sterling Coffee moved to Amarillo. The Robeson and Coffee families are really pioneers of Randall county, the Rev. Robeson being the first pastor of the local Methodist Church.

Only the immediate families of both couples were present Sunday, including Miss Rosalie Coffee of Amarillo, and Mr. and Mrs. Herschel Coffee and baby of Canyon, together with the honorees.

We Tried This Experiment
to test the durability of the OVEN SERVE BAKING WARE we are selling:

Bacon was fried to perfection on a pie plate over an open gas flame with no damage to this piece of china, a rigid test that is sufficient proof that it would give long service under ordinary cooking use.

We have just received a shipment of this ware in a beautifully decorated design, and best of all, it is reasonably priced. For useful and appreciated gifts baking china can't be excelled.

It is a real pleasure to bring you merchandise of this class, something that will give you equal pleasure in the service it gives.

BEAT THE WHITEFACES!

VOL. NO. 10. CANYON, TEXAS, NOVEMBER 21, 1935. NUMBER 11

Hello kids, I guess you aint met Mariah, Mrs. Cactus Cal, yet. Well this is her. I come up to scule last week expectin to find Cactus out watchin the Eagles preparin to beat Hereford, but instead I found im in the gym a watchin the gals practice basketball. He was yellin "Yea Mary Ella" an "yea Jean" as loud as he could.

I got im by th ear an started home with im, but he sed he had to go see Miss Brasuel about sumthin; so I turned im loose. In about thirty minutes I went to see what he was doin, an I found im in th Home Ec. room a askin, "who cooked this cooky?" then, "Is she purty?" Yes sir, I snatched im by th ear an took im right home with me.

I tried to git Cactus to tell me sumthin to write, but th only thing he new wus th sophomores and juniors wus throwin a box-supper and invitin everybody. He didn't even know about th negro quartet a singin fer ye or about th little grade scule children actin nicer in assembly than th big ole high scule kids did.

I'll betcha he had even fergot about the Canyon-Hereford game. Now listen Eagles, there aint nobody thet can bet on ye any harder than I can. I spent a whole nickel fer a "Beat Hereford" tag, and I'm expectin Pat Cox to take our Eagles a flyin down the field fer a victory. I'll tell ye a secret boys, there'll be Billy Louise, Marjorie, Martha Jo., Mary Horn, Polly Little, Jean Slack, etc. a watchin Pat, Tubba, Billy Bewley, Lavert, Ralph, Dobbs, etc. to see how ye play. Don't ferget there's sum more too, but th high scule cupid just didn't tell me about um.

C. H. S. NEEDS BAND HOUSE

Did you realize that Canyon High School would soon have a band? If you are unaware of this fact, it is because you are so busy entertaining someone else or yourself that you never listened to all the noise the band was creating in the high school gymnasium at all hours of the day, especially from 3 to 4 o'clock. The band will make its first appearance in a public concert next Tuesday.

The practice of the band in the gymnasium in the afternoon can be heard from one end of the building to the other, and if sound helps to make a good band, I am sure we ought to have an excellent one in the very near future. All other work in the building might as well check out when the band begins. The echo is deafening.

What our school needs for this useful work is a separate building, built for the band individually. By having a building for the band, studies from 3 to 4 o'clock could be carried on better. This not only would help the students that study from 3 to 4 o'clock, but it would be an advantage to the band students as well.

FOOL'S NAMES AND FACES APPEAR IN PUBLIC PLACES

'Fool's names, like fool's faces are always seen in public places."

You have heard this before but it is still as true today when applied to the girls' locker room and the entire school building as it was the day it was first said. "Rome was not built in a day" neither was Canyon High School, and all it stands for, but it and its traditions can be torn down in a day if the members of the school do not respect it more than to disfigure it by writing and marking on its walls.

GUESS WHO

Her bright blue eyes
Are as clear as the skies.
Tall in height
A beautiful sight.
Shapely as a goddess,
And not very modest.
She is silly and loud
And so is her crowd.
Blessed with light skin,
She is a dream to men.

Answer to last week's "Guess Who," Leslie Lisle.

C. H. S. Band Will Give First Concert of the Year

The Canyon High School Band will give its first concert of the season in assembly next Tuesday afternoon at 3 o'clock.

The program will be a very short one, composed of marches, religious, and patriotic numbers.

The members composing the band are as follows: Cornets: Hudson Prichard, Jr., Anna Ruth Schmitz, Jerome Marsh, Billie Joe Hunter, D. A. Prichard, Edward Little, Dan Cabe, Carl Small, Robert Bellah, Dorothy Strain, and Robert Laughery. Basses: Roy Cofer, Paul Nickelson and Kenneth Cofer. Altos: Vera Fae Marsh, Bradford Black, and Dannie Stewart. Baritones: Eugene Newberry and Rex Gamble. Saxophones: James Sharman, Loretta Cole, Zella Laughery, Mary Lou Burnett, Stanley Thorpe.

Trombones: E. F. Hicks, Wilda Marsh, Garl Cone, Sunshine Harden, Martha Frances Campbell, Vaughn Vandergriff, Gordon Lynn Dickerson, and Grant Sharman. Drums: J. R. Brooks and Donnell Avent. Clarinets: Dawson Little, Fred Hart, J. C. Bellah, Martha Carlee Wirt, Harry Brown, Andy Walsh, Jr., W. J. Wooten, Jr., Dean Nicholas, John Thomas Harp, P. J. Neff, and Renna Beth Bellah.

The band will also play at the Canyon-Hereford football game, Friday afternoon.

Spanish Club Elect Officers For Year

Students that have taken or are taking Spanish met Nov. 13, and organized a Spanish club for the purpose of learning to speak the language better, and they were entertained with a social at the home of Miss Jewel Foster last Tuesday evening.

The following officers were elected for the club: Sherman Higdon, president; C. L. Drummond, vice president; Geraldine Heath, secretary, and Billie Bee Flesher, reporter. The club chose "La Tertulia" for its name. La Tertulia plans to meet every first and third Tuesday of each month from 7 until 8 o'clock in the evening.

Miss Jewel Foster entertained the club last Tuesday evening at the home of Mrs. Joe Thompson for its first meeting. Games and contests in Spanish were held. Refreshments of hot punch and cookies were served at the close of the hour.

Fire Chief Chosen By Student Council

Fire monitors and captains were chosen at a meeting of the student council Nov. 13. Wesley Cox was chosen fire chief, and Wandell Johnson and Thomas Harris were chosen as floor captains.

Each room has a monitor and captain for each period of the day; there are notices posted in all rooms concerning the officers with instructions as to exits.

Mr. Milton Sanders built a fire gong which is used at every drill. It has been placed above the door at the front entrance. Fire drills started the early part of this week and the student council plans to continue the drills throughout the year.

Eight New Science Books Received

The Science Department received eight new books in the recent shipment of books to the library.

"The Romance of Chemistry," by William Foster; "Creative Chemistry," Slosson; "Field Book of Common Rocks and Minerals," by Toanes; "Half Mile Down" and "Beneath Tropic Seas," Beebe; "Western Wild Flowers," "Seeing the Unseen," and "Outline of Science," in four volumes, by Thompson, are the new books.

All of the books are illustrated with many colored pictures and can be enjoyed by any student whether he is taking a science course or not.

Grades To Study Ranching, Indians and Occupations

Many new projects are being started at the grade school, and several old ones are being finished.

4-B, under the supervision of Mrs. Isabelle Cousins, has completed a Swiss farm. The students constructed a Swiss house from cardboard and furnished it with furniture made by themselves. Some of the girls took china dolls and dressed them like Swiss people. The boys made a wooden fence and placed it around the house. Cows and horses were put in the pasture. While studying this project, the pupils made booklets and posters illustrating the occupations and life of the people of Switzerland.

The project was finished last Friday with a program for the parents. Nine mothers were present to hear an original program composed of songs and stories. After refreshments of cheese sandwiches and tea had been served, the parents viewed the project. The students have decided to build a post office for their next project.

4-A, under the supervision of Miss Gladys McClanahan, is now working on a project on Switzerland similar to that of 4-B. The students hope to have it completed in the near future.

Indians Studied By 2-A

2-A, under the supervision of Mrs. Ola Beeson, is making a tepee large enough for everyone to get into, as a part of their project on the American Indian. The students are bringing all the things that represent Indian life that they can get to school. They also plan to build a pilgrim home as a part of the Indian projects. They will close the project with an Indian and pilgrim program the day before Thanksgiving.

Fifth Studies Occupation

5-A and 5-B, under the supervision of Annis Smith, are studying in geography a project entitled "How an Environment Affects Occupations." The classes are divided into committees. Each committee has an occupation. This week is being spent with reports from the committees. The committies are running a race to see who has the best report. Some of the occupations studied are: fishing, lumbering, manufacturing, transportation, and quarrying.

3-A, 3-B, 3-D, under the supervision of Ruth Greenfield, are studying ranching. The class is going to visit the T-Anchor Ranch, north of town, and then build a model ranch. They also plan to make booklets and posters.

Classes Discuss Memorial Fund

After the assembly Friday afternoon, three classes met to discuss the Will Rogers Memorial fund: the seniors, juniors and sophomores.

The seniors had a general discussion of the memorial fund. They also planned to take senior pictures early this year. They appointed a committee to investigate prices and kinds of photographs available in Canyon, and the pictures will be made as soon as the class decides on a photographer.

The juniors planned a box supper to raise funds for the Memorial Fund.

The sophomores also planned a box supper by which to raise funds for the tribute.

GAS HEATERS INSTALLED IN TWO ROOMS AT C. H. S.

Natural gas has been piped into the Junior-Senior English room used by Miss Lois Goodrich and also into the office of Prin. John B. Pope.

The school is equipped with radiators and is heated by steam. The steam goes off at 4 o'clock. Mr. Pope and Miss Goodrich spend a great deal of time in their office and room respectively, after the steam is cut off.

Consequently natural gas and small gas heaters have been installed by Milton Kiker, janitor.

The Press Club which works every Monday night will make use of the gas connection in the English room after the steam is cut off.

HOME ECONOMICS GIRLS MAKE COOKIES TUESDAY

The third year home economics girls experimented last Tuesday in making cookies of different kinds that they thought they would like to serve at parties, dinners, and other entertainments.

Five different kinds of cookies were made: sand tarts, date surprises, chocolate fingers, brownies and macaroons.

Editorial

If a person had visited the Canyon Grade School two years ago, he would have found a beautiful lawn in front of the building, but if he were to visit it now, he would find the once beautiful lawn in a deplorable state.

Many students are becoming thoughtless or have decided that they do not have to obey the laws of society. Instead of walking on the walks, many are cutting across the lawn; thus, causing a large bare spot. This is a poor way to keep up the general appearance of our school.

We are sorry that the students of our school are so lazy that they will save a few extra steps and walk across the lawn causing the grass to look shabby.

Unless something is done at once, the grade school will soon be without a lawn and the fair name of Canyon Public Schools will suffer. So will we all when the spring sandstorms start and no grass is left to hold the soil of our school yard.

Students, faculty, and student council, let's take this matter in hand, and if for no other reason, for the sake of those who, in the past, strove to start and keep our beautiful lawn, let's do our best to keep it beautiful.

Annual Red Cross Inspection Begins

The American National Red Cross is making an annual home inspection from Nov. 18 to Dec. 2.

Through the public schools an inspection sheet is being sent to all the homes. The sheet lists hazards for the people to look for in the home and insists that the people do their part in preventing home accidents.

The report in Canyon will be returned to the school and printed in the Canyon News. Later it will be sent to Red Cross Headquarters at Washington, D. C.

P. T. A. Executive Committee Meets

P. T. A. executive committee met Thursday at 4 p. m. in the office of Miss Elva Fronabarger. The officers present were: Miss Elva Fronabarger, Mrs. Alfred Bellah, Mrs. Dewey Foster, Mr. and Mrs. I. B. Carruth, Mrs. Floyd Dunaway, and Miss Lois Goodrich.

Reports were made by each officer. Programs for the entire year were read by the program committee, and approved by the executive committee. Means of making money and projects for the use of same were discussed by all. The group discussed need of a school cafeteria and the possibilities of its success in Canyon High School, and a committee was appointed for further investigation of the subject.

Help Keep Canyon Clean!

Mrs. Ball Speaks To P. T. A. Study Club Thursday

"School is our only organized agency at all competent to cope with the problem of developing in our youth tolerant understanding of this complicated order of living. The home, a product of an eighth-grade education, supported all too often by insufficient income, its attention centered on struggle for physical existence, dominated by fatigue, can't be given the task of educating twenty million young Americans," said Mrs. R. E. Ball, in her discussion of "The History of our Curriculum and It's Need of Revision" at the P. T. A. Study Club last Thursday, when it met in the music room of the Canyon Grade School building.

Mrs. Ball said in part, "Leading educators do not believe our present program to be worth while. This expression is used, 'The bed is too short, the cover is too narrow.' Some believe in the activity program. Since differences of opinion and controversy make for revision, we are advised to be critical, to be skeptical, and to offer constructive criticism." She added, "As towns grew, the task of educating youth became a complicated one. From these needs grew the education system, which has been so hard to undo."

Questions Present Curriculum

The speaker questioned, "And what about the curriculum? In a half-century it had been 'tinkered' into a patch-work of 'school subjects,' graded horizontally to fit the chronological grading of boys and girls. It ignored almost completely, the economic and cultural problems."

She said further, "The entire curriculum has been under the sway of a mythical faith in "mental discipline. Of course new subjects were added to meet certain demands, but old ones were retained."

She continued, "It is especially important that our youth should develop clear comprehension of life in America, because of the groups which dominate it."

In concluding, Mrs. Ball said, "So to the school falls the task of leading millions of growing youth to an understanding of industrial civilization which is exceedingly difficult to understand. American life is dynamic; our school classes are large, our teachers relatively uninformed; our greatest hope of improvement in our generation lies in forming a new curriculum."

Questions Discussed

The members of the club had been given questions which each read, and they were answered by a round table discussion.

The meeting was then turned over to Mrs. D. A. Nicholas. She announced that the next meeting would be Dec. 12.

At the opening of the meeting, Mrs. J. H. Black read from the American Magazine, an editorial on "Tolerance."

Society and Clubs

MARY JO AND LAVERT AVENT ENTERTAIN

Mary Jo and Lavert Avent entertained their friends with a party last Saturday night at their home in the west part of town.

"Winkum," "Clap in and clap out," and "Knocking for Love" were played the greater part of the time. Other games such as "Hully Gull" and "Pass the Ring" were played.

Each boy drew from the girls' names for his partner, and each couple went to the kitchen for the refreshments of cookies and cocoa with marshmallows.

THEATER AND SLUMBER PARTY GIVEN BY SMITH

Miss Annis Smith entertained a group of her friends with a theater and slumber party last Friday night.

The following were present: Gladys McClanahan, Virginia Jarrett, Gwendolyn Black, Ruth Greenfield and the hostess.

After the show the group returned to the home of Miss Smith where they popped corn and made candy.

SENIORS HAVE WEINER ROAST TUESDAY NIGHT

With chattering teeth, purple lips, and ice cold feet, the Senior Class arrived at "Six Mile Crossing" last Tuesday night for a weiner roast.

The seniors left the high school at 7 p. m. Arriving at their destination, the group was soon warm around a blazing fire, eating weiners, pickles, potato chips and buns.

After the outdoor supper the group formed a circle around the fire. Songs were sung, jokes were told, and riddles asked.

JUNIORS HAVE WEINER ROAST SATURDAY

The boys of the junior class entertained the girls of the class with a weiner roast last Saturday night at J. W. Bourn's creek northwest of town.

The class members left the high school at 6:30. Upon arriving at the creek they played "Shoot the Buffalo," wove "Magic Spells," and roasted weiners. After this the group sang songs around the camp fire until they returned to town.

PAULINE MOORE GIVEN SURPRISE PARTY

A surprise birthday party was given to Pauline Moore in honor of her fifteenth birthday, Friday night at her home near Dawn.

Those present from Canyon were: Mary Horn, Jack Inman, Lillian Chambers, Lola Mae and Lorine Carr.

Refreshments of popcorn balls and apples were served to the guests after many games had been played.

BRANDT GIVES SENIOR PARTY FRIDAY

Gertrude Brandt gave a combination party and dance for the senior class last Friday night. For entertainment other than dancing, they played cards and dominoes, "rode the airplane," played new games, and contested each other in various stunts.

Most of the games were contest games, and the winning side received a prize.

Refreshments of cake, cocoa, and fruit salad were served to the guests by Gertrude and her mother.

JUNIORS GIVE BOX SUPPER FOR ROGERS MEMORIAL

The Junior Class sponsored a box supper last Tuesday night in the high school gymnasium at 7 o'clock. The auctioneers were: Odell Miller and Ralph Rusk. After they had eaten, the members of the group played several games.

The money that was made from the box supper will go to the Will Rogers Memorial Fund.

Eagles To Play Whitefaces Friday At Buffalo Field

The Canyon-Hereford football game will be played at Buffalo Stadium tomorrow at 3 o'clock. This will mark the closing game of the 1935 schedule for the Eagles. It was originally planned for Armistice Day, but was postponed because of exceedingly cold weather.

The Whitefaces are classed as the superior squad. They beat the Tulia Hornets 33 to 0, and the Hornets beat the Eagles 6 to 0. According to the dope bucket, the Whitefaces will do a great deal of damage to the Eagles. The dope bucket is seldom right, and the Eagles are expected to play their hardest game in an effort to defeat Hereford. They know Hereford's strong and weak points after watching the Hereford-Happy game last Friday.

The probable line-ups will be:

Assembly Hears Solos and Songs By Negro Quartet

The Negro Quartet from the CCC camp east of town entertained the assembly with a group of songs last Friday.

Samuel Williams was the leader of the quartet, with Oscar Lee Williams, tenor; Willie Green, baritone, and Edmund Cross, bass. They sang five songs some of which were: "It Wasn't Love" and "Raise The Roof." For encore they sang "Precious Love."

Theodore Mathis sang "Blue Moon" and "June In January."

The quartet has been together two months, part of which time was spent in Dallas. They entertain in the camp; they have entertained in the assembly of W. T. High School, and have sung at the Presbyterian Church.

Mr. Carruth made some announcements and introduced the Student Council President, Hal Gamble who announced the selection of fire captain, Wesley Cox, and floor captains, Thomas Harris and Wandell Johnson.

Sophomores, 1A, 7A Grades Win P. T. A. Campaign

The first grade taught by Mrs. T. W. Collins, 7-A sponsored by R. G. Stevenson, and the sophomore class, sponsored by Miss Grace Clark, each won prizes of $3.00 given by the P. T. A. in a membership campaign sponsored by the association last week.

HOME EC. TEACHER VISITS STUDENTS' HOME PROJECTS

Miss Fannie Sue Brasuel, home economics teacher, visited home projects of the students in Home Economics I, II, and III last week.

The most interesting one she visited was that of Wannie Thomas. Wannie's project was making a dressing room in which all the clothes of the family were kept. She also made a very attractive dressing table and footstool.

Other projects Miss Brasuel visited were those of Evelyn Cluck, Mavis Harden, Wilma Cofer, Marielle Oldham, Anna Kathryn Overton, and Polly Little. Mavis and Polly are planning the menu and cooking supper every night for their families. Marielle rearranged the basement at her home. Anna Kathryn entertained with a party. Evelyn is making over dresses. Wilma is dying and making over some of her own clothing.

GERALDINE HART RETURNS TO SCHOOL AFTER ABSENCE

Geraldine Hart, who was in a cast all summer for the treatment of her back for spinal trouble is now back in school beginning her studies with the freshman class.

She was bedfast nearly all summer. She was taken to Dallas for treatments three times. About a month ago, the cast was taken off and she can now walk and is able to resume normal school life.

Girls Report For Basketball Practice

The girls of Canyon High School interested in basketball, practiced for the first time Wednesday afternoon. Eighteen girls reported for practice Thursday and more are expected next week.

Although the girls will miss Annis Smith, they expect to make a better record for Canyon High School than has ever been made, under the coaching of Gerald Brown and Lenna Foster.

The following girls represent the Freshman class every afternoon at practice: Renna Beth Bellah, Annie Sue Rogers, Jimmy Sol Slack, Edrie McNeal, and Hazel Sanders. The sophomore class is represented by Marie O'Donald, Mary Horn, Mary Jo Avent, Helen Hurst, Polly Little, and Gladys Hutton. Mary Collins, Carolyn Mayfield, Billy Greenfield, Kate Donnell, and Wanda Brock represent the junior class, while Anna Kathryn Overton, Mary Ella Davis, and Lavena Watkins represent the senior class.

Will Rogers Paid Tribute by C. H. S.

Tribute is being paid by the students of Canyon High School this week to the great American humorist, Will Rogers, who was killed in an airplane crash with Wiley Post in Alaska, last August.

Pennies, nickles, dimes, and quarters are being given by the students as a part of the campaign being held over the United States by the Will Rogers Memorial National Campaign headed by Vice-President John N. Garner.

Each class will raise funds separately. The class raising the largest amount will receive proper recognition in The Eagle's Tale. Class meetings have been held to devise means to raise money.

COLD WEATHER BRINGS GIRLS BASEBALL INDOORS

As winter nears, the girls have moved their favorite sport, baseball, into the high school gymnasium. Until the last cold spell, they spent their noon period playing baseball with the boys on the playground, but at this point they calmly took their new ball and bat and resumed play in the gymnasium.

Because of the many girls in the junior class, who play baseball, they have been playing the other three classes. Divided this way, the two teams have been rather evenly matched.

NOTICE TO BIDDERS AND NOTICE OF INTENTIONS TO ISSUE REVENUE BONDS

In accordance with Acts of the 43 Texas Legislature, second call session 1934, page 14, chapter 5, Public notice is hereby given that the Board of Regents for State Teachers Colleges has determined to construct a Home Economics Cottage at the West Texas State Teachers College, at Canyon, Texas.

Sealed proposals for the construction of a Home Economics Cottage for the West Texas State Teachers College, at Canyon, Texas, in accordance with plans, specifications and instructions to bidders, prepared by Rittenberry and Carder, Architects, Amarillo, Texas, and Wyatt C. Hedrick, Consulting Architect, Fort Worth, Texas, will be received at the office of Dr. J. A. Hill, President, at Canyon, Texas, until 11:00 A. M., December 12th, 1935 and then opened and publicly read.

Proposals will be required and contract will be awarded on the following:

No. 1. General construction which will include Electrical, Plumbing and Heating.

The successful bidder will be required to enter into a contract with the West Texas State Teachers College, at Canyon, Texas, which will contain provisions conforming with the requirements of the Federal Administration of Public Works as set out in its Bulletin No. 2 Revised, and to the construction provisions, and the loan and- or grant Agreement by the Government.

A certified or cashier's check, or acceptable bid bond (payable without recourse to the Board of Regents, West Texas State Teachers College, Canyon, Texas,) in an amount equal to 5% of the total bid must accompany each bid as a guarantee that if awarded the contract, the bidder will promptly enter into a contract with the West Texas State Teachers College as outlined in the General specifications and instructions to bidders. A performance bond in an amount of 100% of the contract price will be required, and a separate and distinct labor bond, in an amount equal to the largest aggregate payroll in any one month will be required.

Contract will be awarded subject to the approval of the State Director P. W. A. and also subject to the execution of the Loan and- or Grant Agreement by the Government.

Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works, namely:

For skilled workers, $1.00 per hour.

For semi-skilled workers, $0.45 to $0.80 per hour.

For unskilled workers, $0.40 per hour.

As more fully set forth in the specifications hereinbefore described and which are made a part hereof, must be paid on this project.

Plans and specifications may be secured from Rittenberry and Carder, Architects, Amairllo, Texas, upon cash deposit of $15.00 as guarantee of the safe return of same, and that the Contractor will submit a bona fide bid. Upon the filing of bid and return of plans and specification in good condition within 10 days from the date bids are received $6.00 will be deducted from deposit for General plans and specifications and $4.00 from deposit for Mechanical plans and specifications and the balance of deposit will be returned to the contractor.

The West Texas State Teachers College RESERVES THE RIGHT TO REJECT ANY OR ALL BIDS, and- or waive any and- or all formalities.

No bid may be withdrawn within (30) days after the date which bids are opened.

J. A. HILL,
West Texas State Teachers College, Dr. J. A. Hill, President.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminants, thus cleansing the intestinal tract of the germ-laden mucus and toxines. Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical; only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

SHE'S THE GIRL WHO HANDLES YOUR TELEPHONE CALLS

This is the girl who handles your telephone calls.

Every part of the far-flung Bell System organization exists largely to help her do the best possible job of connecting you with the people to whom you want to talk.

Linemen cling to icy poles to keep the voice-paths open to her touch. Staff experts of American Telephone & Telegraph Company, parent company of the System, hunt better methods for her to use. Scientists of Bell Telephone Laboratories seek new inventions to place at her finger-tips.

And the factories and shops of Western Electric, supply unit of the Bell System, are busy making the insulators, the wires and the equipment she needs to flash your voice around the block, across the state, or across the nation.

It is largely because this group of specialized organizations stands behind her...and has done its job so well for her...that she is able to give you the good, economical telephone service you receive today.

Rotary Club Hears Program Regarding Life of Will Rogers

Seven students from the Demonstration High School gave an interesting program Tuesday on the life and work of the late Will Rogers. Jesse Barker, chairman of the Resolutions Committee, was in charge of the program.

Bill Norman introduced the six who had part on the program, Owen Harvey, Neva Cleveland, Bonne Rhea Whittenbrug, Edgbert Neeley, Pearl Mayben, and Edward Lyon.

Owen Harvey sang songs which Will Rogers loved, and discussed his early experiences in the Panhandle, in South America, and his marriage.

Neva Cleveland talked of his private life, his modesty, his charity.

Bonne Rhea Whittenburg read a poem in his memory.

Edgbert Neeley discussed his humor and incidents when this humor was so forcefully used.

Pearl Mayben told of his life as an actor, starting in the circus and ending as a great movie star.

Edward Lyon read a number of statements made at the time of his untimely death, including those of President Roosevelt, Herbert Hoover, Prince of Wales, Fred Stone, Irving Cobb and W. H. Fuqua.

W. H. McIntire was introduced as a new member of the club.

Dr. Joe Hill announced that the Buffalo Band would accompany the football team to Alpine, and two or three cars were needed for transportation. The College would pay the gas, oil and expenses of any driver who would take a car load of the band members.

Visitors present were: J. Horace Griggs, Phil Purdum, J. M. O'Brien, Ed Enoch, all of Amarillo.
